To Shareholders

Dear Sir or Madam

Notice of General Meeting

In connection with proposals for the issue of Shares pursuant to the Share Issuance Programme and related matters

Introduction

As announced today, the Company is proposing to issue up to 165 million Shares pursuant to the Share Issuance Programme. Allotments and issuances of Shares under the Share Issuance Programme will be at the discretion of the Board and may take place at any time prior to the final closing date of 28 February 2017. Pursuant to the Share Issuance Programme, the Company is proposing to undertake an Initial Issue with a target size of £90 million. It is expected that Initial Admission will become effective and that dealings in the Shares issued pursuant to the Initial Issue will commence at 8.00 a.m. on 21 March 2016.

The Company has published the Prospectus today containing details of the Share Issuance Programme. The Prospectus is available on the Company's website (<http://www.empiric.co.uk>) and the National Storage Mechanism of the FCA at www.morningstar.co.uk/uk/nsm and hard copies of the Prospectus can be obtained free of charge from the Company's registered office, 6-8 James Street, London W1U 1ED. Subject to certain exceptions, Shareholders in the United States and the other Excluded Territories will not be permitted access to the Prospectus. You should not subscribe for any Shares referred to in this document except on the basis of information contained in or incorporated by reference into the Prospectus.

In connection with the Share Issuance Programme, Resolutions will be put to the Shareholders at the General Meeting to:

- (i) authorise the allotment of up to 165 million Shares pursuant to the Share Issuance Programme; and

- (ii) disapply statutory pre-emption rights otherwise applicable to the allotment of Shares issued pursuant to the Share Issuance Programme such that the Shares do not first have to be offered to Shareholders in proportion to their shareholdings,

(together the “**Proposals**”).

The Share Issuance Programme (including the Initial Issue) is therefore conditional upon the approval of the Resolutions at the General Meeting.

The background to, and the benefits of, the Proposals and the reasons why the Board is recommending that you vote in favour of the Resolutions at the General Meeting are set out below.

In particular, it is intended that all new Shares under the Share Issuance Programme will be issued at a premium to the prevailing Net Asset Value per Share, after the related costs have been deducted.

Background to and benefits of the Share Issuance Programme

The Directors believe that, since the Company’s initial public offering in June 2014, the Group has made excellent progress in successfully implementing its investment strategy by acquiring a diverse portfolio of high quality student accommodation properties (both operational and in development) in centrally situated locations in prime student cities and towns across the UK. These assets have been acquired at attractive net initial yields which the Board expects to generate good returns for the Group.

The Directors believe that the underlying fundamentals of the Group’s market in modern premium student accommodation are solid reflecting increasing demand coupled with a supply shortage. Notwithstanding the introduction of tuition fees, the number of students studying in the UK has continued on a growth trend. In particular, following the removal of the cap on student numbers, in 2015/2016 the growth in numbers of international students is expected to accelerate, and it is international students together with post-graduates which comprise the Group’s primary target market.

The Company’s stated objective continues to be to grow the Property Portfolio to a target size of 10,000 beds. As at 31 December 2015, the Group had acquired or exchanged contracts on, in aggregate, 5686 beds in operation or under development.

The Company has a strong pipeline comprising a mix of operating properties and properties under development across multiple locations in the UK representing in aggregate over 4,000 beds¹.

The Company is therefore launching the Share Issuance Programme to raise further equity funds which, when combined with available and proposed future debt, will allow the Group to acquire further student accommodation assets in order to achieve its stated objective.

As at 29 February 2016 (being the latest practicable date prior to the publication of this document), the Group has approximately £103.25 million of drawn debt financing (excluding the Group’s share of joint venture debt) representing a loan to value ratio of 20.3 per cent. The Company is in negotiations to secure additional bank facilities in order to assist in financing the current pipeline as described above.

¹ There can be no assurance that any of these pipeline projects will be completed or will be purchased or funded by the Company. The Company will, in any event, continue to evaluate other potential acquisitions in accordance with its investment policy.

The Directors believe that the Share Issuance Programme has the following principal benefits for Shareholders: AIII 3.4

- the net proceeds of the Share Issuance Programme will be used to invest further in student accommodation assets which will enable the Company to grow the total number of beds in the Property Portfolio thereby adding further diversification to its property assets;
- it allows the Company to tailor future equity issuance to its immediate pipeline, providing flexibility and minimising cash drag;
- it enables the Company to raise additional capital quickly, in order to take advantage of discrete pipeline investment opportunities;
- an increase in the size of the Company is expected to improve market liquidity of its Shares. This may enhance the marketability of the Company and may result in a broader investor base over the longer term;
- an increase in the size of the Company will mean that the fixed costs of operating the Company are spread over a larger asset base, thereby reducing the Company's on-going charges per Share; and
- the Initial Open Offer provides qualifying Shareholders with the ability to invest in the Company without incurring stamp duty or dealing costs or paying the current market premium for acquiring Shares in the secondary market.

Details of the Share Issuance Programme

The Share Issuance Programme will open on 1 March 2016 and close on 28 February 2017 (or any earlier date on which it is fully subscribed).

It is intended that the price at which Shares are issued on a non-pre-emptive basis under the Share Issuance Programme will always represent a premium to the prevailing Net Asset Value per Share, after the related costs have been deducted. The commissions and costs for each Tranche to be met by the Company will be capped at 2 per cent. of the gross proceeds of such Tranche.

The allotment of Shares pursuant to each Tranche of the Share Issuance Programme is at the discretion of the Directors and may take place at any time prior to the final closing date of 28 February 2017. An announcement of each issue of new Shares pursuant to the Share Issuance Programme will be released through a Regulatory Information Service, including details of the number of Shares issued and the applicable issue price. The Share Issuance Programme will be suspended at any time when the Company is unable to issue new Shares pursuant to the Share Issuance Programme under any statutory provision or other regulation applicable to the Company or otherwise at the Directors' discretion.

Shares issued pursuant to the Share Issuance Programme will rank *pari passu* with the existing Shares then in issue (save for any dividends or distributions which are declared, made or paid by reference to a record date prior to the allotment of the relevant Shares).

Details of the Initial Issue

The Company is targeting an initial issue of £90 million pursuant to the Initial Issue at an issue price of 107.5 pence per Share. The Initial Issue together consists of the Initial Placing, the Initial Open Offer and the Initial Offer for Subscription.

If the Initial Issue meets its target size of £90 million, it is expected that the Company will receive Net Proceeds of approximately £88.2 million from the Initial Issue.

The Initial Issue, which is not underwritten, is conditional upon *inter alia*:

- (i) Initial Admission having become effective on or before 8.00 a.m. on 21 March 2016 or such later time and/or date as the Company and Jefferies may agree;
- (ii) the Share Issuance Programme Placing Agreement becoming wholly unconditional (save as to Admission) and not having been terminated in accordance with its terms at any time prior to Admission; and
- (iii) the passing of the Resolutions by Shareholders at the General Meeting.

If these conditions are not met, the Initial Issue will not proceed and an announcement to that effect will be made via a Regulatory Information Service.

Application will be made to the UKLA for all of the Shares to be issued pursuant to the Initial Issue to be admitted to the premium listing segment of the Official List and for such Shares to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that Initial Admission will become effective and dealings will commence on 21 March 2016.

Shares will be issued in registered form and may be held either in certificated or uncertificated form and settled through CREST. It is expected that CREST accounts will be credited on 21 March 2016 in respect of Shares issued in uncertificated form and definitive share certificates in respect of Shares held in certificated form will be despatched by post in the week commencing 4 April 2016 or as soon as possible thereafter. Temporary documents of title will not be issued. Dealings in the Shares are expected to commence on 21 March 2016. Dealing in Shares in advance of the crediting of the relevant stock account shall be at the risk of the person concerned.

The Directors intend to use the Net Proceeds to acquire investments in accordance with the Company's investment policy.

Authority to allot Shares and disapplication of pre-emption rights in connection with the Share Issuance Programme

Should Resolution 1 be passed at the General Meeting, the Directors will have the authority to allot up to, in aggregate, 165 million Shares pursuant to the Share Issuance Programme (representing 42.9 per cent of the total ordinary share capital of the Company as at 29 February 2016 being the latest practicable date prior to the publication of this document). Such authority will expire on 17 March 2017.

In order for the Directors to issue Shares for cash pursuant to the Share Issuance Programme free of statutory pre-emption rights, such pre-emption rights must be disapplied. Shareholders are therefore being asked to approve, by way of Resolution 2 at the General Meeting, the disapplication of the statutory pre-emption rights in respect of the issue of up to 165 million Shares pursuant to the Share Issuance Programme (representing 42.9 per cent of the total ordinary share capital of the Company as at 29 February 2016 being the latest practicable date prior to the publication of this document). Such authority will expire on 17 March 2017.

The Directors recognise the importance of pre-emption rights to Shareholders. Accordingly, a substantial proportion of the Shares available under the Initial Issue are being initially offered to Qualifying Shareholders by way of the Initial Open Offer pursuant to which they will be entitled to apply for 1 Share for every 7 existing Shares held on the Record Date. Qualifying Shareholders may also apply under the Excess Application Facility for additional Shares in excess of their Basic Entitlement as further described in Part 2 of the Securities Note.

Risk Factors

In considering the Resolutions to implement the Share Issuance Programme, Shareholders should take into consideration the following factors:

Issue price of Shares under the Share Issuance Programme

The issue price of the Shares issued on a non-pre-emptive basis under the Share Issuance Programme cannot be lower than the Net Asset Value per Share after related costs have been deducted. The issue price of such Shares will be calculated by reference to the latest published Net Asset Value per Share. Such Net Asset Value per Share is determined on the basis of the information available to the Company at the time and may be subject to subsequent revisions. Accordingly, there is a risk that, had such issue price been calculated by reference to information that emerged after the calculation date, it could have been greater or lesser than the issue price actually paid by the investors. If such issue price should have been less than the issue price actually paid, investors will have borne a greater premium than intended. If such issue price should have been greater than the issue price actually paid, investors will have paid less than intended and, in certain circumstances, the Net Asset Value of the Shares may have been diluted.

The Company will in the future issue new equity, which may dilute Shareholders' equity

The Company is seeking to issue new equity in the future pursuant to the Share Issuance Programme or otherwise. While the Companies Act contains statutory pre-emption rights for Shareholders in relation to issues of shares in consideration for cash, such rights can be disapplied in certain circumstances, and will be disapplied in relation to the maximum amount of Shares that may be issued pursuant to the Share Issuance Programme. Where statutory pre-emption rights are disapplied, any additional equity financing will be dilutive to those Shareholders who cannot, or choose not to, participate in such financing.

The General Meeting

The notice convening the General Meeting to be held at 1.00 p.m. on 17 March 2016 at the offices of Gowling WLG (UK) LLP, 4 More London Riverside, London SE1 2AU in connection with the Proposals is set out at the end of this document.

At the General Meeting, at which Shareholders may attend, speak and vote, the following Resolutions will be proposed:

- (1) authorise the allotment of up to, in aggregate, 165 million Shares pursuant to the Share Issuance Programme; and
- (2) disapply statutory pre-emption rights otherwise applicable to the allotment of Shares issued pursuant to the Share Issuance Programme such that the Shares do not first have to be offered to Shareholders in proportion to their shareholdings.

In order to be passed, the Resolutions to be proposed at the General Meeting will require, in the case of Resolution 1, which is to be proposed as an ordinary resolution, the approval of Shareholders representing more than 50 per cent. of the votes cast at the General Meeting. In the case of Resolution 2, which is to be proposed as a special resolution, the approval of Shareholders representing at least 75 per cent. of the votes cast at the General Meeting will be required.

The Articles provide that at the General Meeting each Shareholder present in person or by proxy or who (being a corporation) is present by a representative shall on a show of hands have one vote and on a poll shall have one vote for each Share of which he is a holder.

The quorum for the General Meeting shall be two persons entitled to attend and to vote, each being a Shareholder or a proxy of a Shareholder or a duly authorised representative of a

corporation which is a Shareholder. In the event that the General Meeting is adjourned and the above-mentioned quorum is not present, at such adjourned General Meeting the quorum shall be one.

The formal notice convening the General Meeting is set out on pages 14 to 16 of this document.

Shareholders will find enclosed with this document a Form of Proxy for use at the General Meeting. Submission of a Form of Proxy will enable your vote to be counted at the General Meeting, as the case may be, in the event of your absence. Shareholders are asked to complete and return the Form of Proxy in accordance with the instructions printed thereon to the Registrar, Computershare Investor Services PLC at The Pavilions, Bridgwater Road, Bristol BS99 6ZY, or deliver them by hand (during office hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE so as to be received as soon as possible and in any event by no later than 1.00 p.m. on 15 March 2016.

If you hold your Shares in uncertificated form (that is, in CREST) you may appoint a proxy by completing and transmitting a CREST Proxy Instruction in accordance with the procedures set out in the CREST Manual so that it is received by the Registrar (under CREST participant ID 3RA50) by no later than 1.00 p.m. on 15 March 2016. CREST members may choose to use the CREST electronic proxy appointment service in accordance with the procedures set out in the notes to the Form of Proxy and the Notice of General Meeting.

Shareholders are requested to complete and return a Form of Proxy or CREST Proxy Instruction (as applicable) whether or not they wish to attend the General Meeting. The return of a Form of Proxy or the submission of a CREST Proxy Instruction will not prevent Shareholders from attending the General Meeting or any adjournment thereof, and voting in person should they so wish.

Copies of the Prospectus, which supports the issue of Shares by the Company pursuant to the Share Issuance Programme, are available at <http://www.empiric.co.uk> and the Prospectus is available for inspection at the registered office of the Company during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the date of this document until Initial Admission.

Recommendation

The Board considers that the Proposals are in the best interests of the Shareholders taken as a whole and accordingly, the Board unanimously recommends that Shareholders vote in favour of the Resolutions to be proposed at the General Meeting.

The Board intends to vote in favour of the Resolutions in respect of their holdings of Shares amounting to 2,697,561 Shares in aggregate (representing approximately 0.7 per cent. of the issued Share capital of the Company as at 29 February 2016).

Yours faithfully

The Rt Hon Baroness Dean of Thornton-le-Fylde
(Chairman)

If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may have a right under such an agreement to give instructions to the member as to the exercise of voting rights at the General Meeting.
- (v) Nominated Persons should also remember that their main point of contact in terms of their investment in the Company remains the member who nominated the Nominated Person to enjoy information rights (or perhaps the custodian or broker who administers the investment on their behalf). Nominated Persons should continue to contact that member, custodian or broker (and not the Company) regarding any changes or queries relating to the Nominated Person's personal details and interest in the Company (including any administrative matter). The only exception to this is where the Company expressly requests a response from a Nominated Person.
- (vi) Pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, only Shareholders registered in the register of members of the Company by not later than 6.00 p.m. 48 hours (excluding non-business days) prior to the time fixed for the General Meeting shall be entitled to attend and vote at the General Meeting in respect of the number of Shares registered in their name at such time. If the General Meeting is adjourned, the time by which a person must be entered on the register of members of the Company in order to have the right to attend and vote at the adjourned General Meeting is 6.00 p.m. 48 hours (excluding non-business days) prior to the time of the adjournment. Changes to the register of members after the relevant times shall be disregarded in determining the rights of any person to attend and vote at the General Meeting.
- (vii) In the case of joint holders, the vote of the senior holder who tenders a vote whether in person or by proxy shall be accepted to the exclusion of the votes of the other joint holders and, for this purpose, seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the relevant joint holding.
- (viii) Shareholders who hold their shares electronically may submit their votes through CREST, by submitting the appropriate and authenticated CREST message so as to be received by the Company's registrar not later than 48 hours before the start of the meeting. Instructions on how to vote through CREST can be found by accessing the following website: www.euroclear.com/CREST. Shareholders are advised that CREST and the internet are the only methods by which completed proxies can be submitted electronically.
- (ix) If you are a CREST system user (including a CREST personal member) you can appoint one or more proxies or give an instruction to a proxy by having an appropriate CREST message transmitted. To appoint one or more proxies or to give an instruction to a proxy (whether previously appointed or otherwise) via the CREST system, CREST messages must be received by Computershare (ID number 3RA50) not later than 48 hours before the time appointed for holding the General Meeting excluding non-working days. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp generated by the CREST system) from which Computershare is able to retrieve the message. CREST personal members or other CREST sponsored members should contact their CREST sponsor for assistance with appointing proxies via CREST. For further information on CREST procedures, limitations and system timings please refer to the CREST Manual. The Company may treat as invalid a proxy appointment sent by CREST in the circumstances set out in regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.
- (x) Any corporation which is a member may appoint one or more corporate representative(s) who may exercise on its behalf all of its powers as a member provided that, if it is appointing more than one corporate representative, it does not do so in relation to the same Shares. It is, therefore, no longer necessary to nominate a designated corporate representative. Representatives should bring to the General Meeting evidence of their appointment, including any authority under which it is signed.
- (xi) If the Chairman, as a result of any proxy appointments, is given discretion as to how the votes the subject of those proxies are cast and the voting rights in respect of those discretionary proxies, when added to the

interests in the Company's securities already held by the Chairman, result in the Chairman holding such number of voting rights that he has a notifiable obligation under the Disclosure and Transparency Rules, the Chairman will make the necessary notifications to the Company and the Financial Conduct Authority. As a result, any member holding 3 per cent. or more of the voting rights in the Company who grants the Chairman a discretionary proxy in respect of some or all of those voting rights and so would otherwise have a notification obligation under the Disclosure and Transparency Rules, need not make a separate notification to the Company and the Financial Conduct Authority.

- (xii) Any question relevant to the business of the General Meeting may be asked at the General Meeting by anyone permitted to speak at the General Meeting. A holder of Shares may alternatively submit a question in advance by a letter addressed to the Company's registered office. Under section 319A of the Companies Act 2006, the Company must answer any question a Shareholder asks relating to the business being dealt with at the General Meeting, unless (i) answering the question would interfere unduly with the preparation for the General Meeting or involve the disclosure of confidential information; (ii) the answer had already been given on a website in the form of an answer to a question; or (iii) it is undesirable in the interests of the Company or the good order of the General Meeting that the question be answered.
- (xiii) Further information regarding the General Meeting which the Company is required by section 311A of the Companies Act 2006 to publish on a website in advance of the General Meeting can be accessed at www.empiric.co.uk.
- (xiv) As at 29 February 2016 (being the last Business Day prior to the printing of this Notice of General Meeting) the Company's issued capital consisted of 385,000,001 Shares carrying one vote each. Therefore, the total voting rights in the Company as at 29 February 2016 are 385,000,001.
- (xv) You may not use any electronic address provided either in this Notice of General Meeting or any related documents (including the Form of Proxy) to communicate with the Company for any purpose other than those expressly stated.
